JACKSONVILLE, ILLINOIS, FRIDAY MORNING, JULY 22, 1904.

STEAMER WILL BE RELEASED

RUSSIA AVOIDS TROUBLE WITH ENGLAND

Terms on Which British Vessel Is to Be Released by Russia—Steps Taken by France to Avert Anglo-Russian Crisis.

St. Petersburg, July 21.—The Associated Press can state authoritatively the Malacca probably will be released at once. The exact status of the case is as follows: Count Beckendorf, Russian ambassador to Great Britain, asked Lord Lansdowne's official assurance taht munitions on board were British government stores. If this is given orders will instantly be issued to release the vessel. At the same time Great Britain will be notified ships stopped by Russia whose manifests are not in order will be held.

London, July 21.—The Associated Press learns Count Beckendorf, Russian ambassador, at a conference with Foreign Secretary Lansdowne yesterday made what may be considered the preliminary reply to the British protest against seizur eof the steamer Malacca. He assured the secretary his government had no intention of infringing on the rights of Great Britain or any other neutral power and if a mistake had been made in seizure of the Malacca unquestionably the steamer will immediately be restored and damages be paid.

Paris, July 21.—The French government has taken the initiative toward averting an Anglo-Russian crisis. Foreign Minister Delcasse is making friendly representations to Count Lamsdorff, Russian foreign minister. This from an ally on whom Russia chiefly depends is expected to exert a strong influence toward a pacific solution.

St. Petersburg, July 21.—The suggestion is made if Great Britain persists in raising the issue of status of the Russian volunteer cruisers in the Red sea, Russia will offer to refer the case to the arbitration tribunal of The Hague.

Count Lamsdorff has replied to the verbal note of the British ambassador on the subject of seizure of the Malacca, saying inquiry into the case is progressing.

A CALMER FEELING.

St. Petersburg, July 21.—The scare yesterday over the Malacca incident has given way to a calmer and more rational view. Feeling in high official circles where the exact knowledge of the attitude of the government exists is that the case will be speedily and satisfactorily adjusted. The Russian position can be stated in a few words. While not admitting the Russian captain seized the Malacca without some warrant, Russia will accept without question Great Britain's assurance war munitions on board the vessel were government stores bound for the naval station at Hong Kong and order immediate release to the ship. At the same time she will maintain her right to stop vessels believed to have contraband of war on board and detain them if manifests are not plain as required by international law.

The Prinz Heinrich incident seems certain of satisfactory adjustment. There appears to be no desire on the part or Germany to crowd Russia, that country being convinced any wrong which may have been done will be righted and that proper reparation will be made.

NO CONFIRMATION.

London, July 22.—After midnight, just before adjournment of commons, Balfour stated the government had received no confirmation of the reported release of the Malacca.

SENSATIONAL NEWS.

St. Petersburg, July 21.—The most sensational piece of news from the front is an Associated Press dispatch from Liao Yang reporting a persistent rumor Japanese have broken through the Russian left wing and are marching upon Mukden. A report received from Kuropatkin, bearing the same date, says that ther has been no change of importance in the situation, and a close study of dates shows the rumor probably refers to the Japanese advance against Rennenkampff on the northern Samaitsza-Liao Yang road, when the drove the Russians back as far as Houtsiatze, twenty-six miles east of Liao Yang. A later dispatch to the Associated Press shows Herschelmann commanded this detachment of Rennenkampff's cavalry and that he turned and took the offensive, subsequently compelling the Japanese to retire in the direction of Siyeyan.

Further but incomplete details of Keller's attack at Motien pass July 17 sent by Associated Press correspondents show the fight lasted all day and was a bloody affair. A Sevsky regiment rushed eight Japanese guns with the bayonet, but later were compelled to abandon them.

A Russian detachment which crossed the Lian river at dawn on the opening of the fight discovered a Japanese detachment under a hill dressed in Russian uniforms and hailed the soldiers in Russian as friends, but when the Russians got within easy range the Japanese opened fire.

ALARMISTS NOT ALLAYED.

London, July 22.—Authoritative assurances that the Malacca will be released, cabled by the Associated Press from St. Petersburg to the United States, do not appear in British newspapers. Special dispatches to somewhat similar effect from St. Petersburg do not allay the alarmist views of leading organs, which construe Balfour's post-midnight announcement that the government had received no confirmation of the reported release to mean that the incident remains closed. A striking evidence that the danger of the situation has not been mitigated in the least so far as British official and public opinion is concerned is offered by the Telegraph, which declares "relations between Great Britain and Russia have reached the stage of acute crisis, but behind the incident of the Malacca is the far larger question of the status of the so-called volunteer fleet. It has, we believe, been made clear to the czar's government that the transformation of merchant vessels passing the Dardanelles as such into armed cruisers cannot be recognized under any pretext whatever as justifying Russia's interference with British shipping."

In its editorial this morning the Telegraph becomes even more alarmist, declaring that upon Russia's response to Lansdowne's demands the "issues of peace or war are staked," and adds:

"The point which has been made clear to the czar's government by Lansdowne is Great Britain will not permit the lightning change from merchant vessel to an armed cruiser. In other words, if these unchartered libertines of the Russian navy attempt to stop or to search British vessels they will be called upon to desist, and if they refuse to obey the demand they will be fired upon and sunk."

FIERCE FIGHTING.

London, July 22.—The Russian correspondent of the Telegraph at Mukden, under date of July 19, says:

"Fierce fighting has been raging during hte past two days and still continues. Japanese, who are in superior strength, attacked with great daring and coolness. Russians are contesting the ground splendidly. Japanese flanking movements to the east are the real cause of our retirement. Heavy losses have been sustained. Japanese artilery has again shown its superiority."

The seen eof fighting is not mentioned by the correspondent.

REPORT CONFIRMED.

London, July 22.—Acording to a dispatch from Moscow, the Russky Listok of that city confirms the Associated Press report from Liao-Yang that Japanese have broken through the Russian left flank and are marching on Mukden.

WAR EPORTS.

Port Said, July 21.—The bill of health of the steamer Malacca, which left shore to day with a Russian prize crew on board, was marked "Russia."

London, July 21.—Consols rose ⅝. The feeling of the stock exchange is generally improved owing to the belief developments to day will prove there is little danger of any serious complications arising from seizure of the steamer Malacca.

New Chwang, July 21.—Japanese warships in the Gulf of Liao Tung stopping vessels carrying contaband of war sank four junks off the Chinese coast. All the crews were lost.

Tien Tsin, July 21.—A letter was received to day from New Chwang saying the commander of a Russian torpedo boat reported while in the Gulf of Pechili he accidentally torpedoed a British steamer. It is surmised the vessel is the Hipsan, five days overdue from New Chwang.

It is reported heavy bombardment off Port Arthur occurred yesterday and heavy firing was heard at New Chwang the same day.

It is reported General Kuroki is suffering from malaria and follows the army in a litter.

It is rumored General Oku resumed the advance beyond Kaichou and Russians are expecting a battle.

Liao Yang, July 20.—The Russian eastern army to day attacked Japanese on the other side of the valley of Liao river. Lieutenant General Keller after a hard fight compelled the Japanese to retreat with great loss.

General Herschellman July 19 had a successful ousagement, forcing the Japanese to retreat on their main forces. Russians lost two hundred killed and wounded.

Vladivostok, July 21.—Work on fortifications is being pushed actively and everything is in a state of preparedness. Troops are anxiously awaiting appearance of the Japanese.

London, July 21.—Twenty guineas per cent was quoted at Lloyds to day for insurance against outbreak of an Anglo-Russian war within three weeks. This is the rate which prevailed at Lloyds on the Russo-Japanese war three weeks pr to the outbreak of hostilities.

FOUND FOUNT OF YOUTH.

Washington, Ind., July 21.—Suit was filed in the circuit court here Wednesday to have Lawrence Meehan declared insane and have a guardian appointed to manage his estate. Meehan is 80 years old and very wealthy. He is a bachelor and had been very economical until a few weeks ago when he began taking girls buggy riding, bought them hammocks and lavished his wealth upon them. He bought a tent, ordered firty snakes from a Florida dealer, and made other peculiar purchases.

BRITISH WAR VESSELS.

Alexandra, July 21.—The British cruisers Furious and Venus have arrived here. The remainder of the fleet is expected shortly.

BUTCHERS TO GO TO WORK

WILL BEGIN OPERATIONS TODAY

Five Hundred Strike Breakers Cease Work, Fearing to Labor With Union Men—Arbitrators Will Settle Issues of Strike.

Chicago, July 21.—Fifty thousand butcher workmen who quit July 12, paralyzing the country's meat industry, will return to work to morrow while the board of arbitration will consider the contentions of laborers for higher wages and less arduous working conditions, and the decision of the arbitrators will settle the issues of the great strike.

President Donnelly of the butcher union to day received approval of all executive board members except two. During the day nearly five hundred strike breakers ceased work. The met quitting apparently feared to work with unionists who return to morrow.

A majority of the butchers will be reinstated, but it will be several days before all the strikers will be given employment, as there is not enough livestock at some yards to require a full force. As soon as shipments begin to arrive in the usual quantity, however, men wil be put to work and it is believed Saturday all strikers will have been taken care of.

Mobs to night attacked two hundred negro strike breakers as they were leaving the Hammond plant under escort of a squad of policemen. A riot call brought reinforcements and the mob was dispersed. No one was seriously inured.

TROUBLE AT ST. JOSEPH.

St. Joseph, Mo., July 21.—A riot call was turned in from the stock yards district to night and every available policeman is on duty endeavoring to control union men who struck several days ago. To night managers of packing plants notified union men that but 60 per cent of the strikers would be put to work to morrow. Strikers say packers are trying to hold all nonunion men and that all union men cannot get back to work if packers are permitted to carry out their plans. Many nonunion men who appeared in the streets to night were assaulted and apparently there was a concerted effort to drive them from the plants.

IN GRASP OF GAMBLERS

Bonesteel Police are Routed and Put to Flight by Lawless Element.

Bonesteel, S. D., July 21.—All oolice here have been disarmed and put to flight by the thugs, gamblers, crooks and the town now is in the hands of a lawless and desperate element. The governor has been asked for troops to avert a reign of terror. In yestreday's riot the police, after being beaten badly, fled for safety. The trouble started when a ranchman attacked a shell game gambler who had snatched the countryman's money from his hands. The police tried to arrest the gambler, who was aided by his friends. The people coming here to file claims for government land are proving easy marks for the gamblers and many of them have lost all the money they brought with them.

After the police force had been completely subdued they were ordered by the gamblers to stand around and see that their business was not interfered with on the public streets. It was a most humiliating scene, but the small force of police could do nothing elese.

The order, issued earlier in the evening, that all grafters must leave the streets, resulted in the grafters in a body attacking the police and taking their clubs, pistols, and stars away from them. An appeal was made to the governor, but without avail, and the force was finally compelled to make terms with the gamblers.

Much excitement was caused to night by friends of a gambler under arrest forcibly taking him away from the police. Shots were fired, but the rescuing party got away with the gambler. Patrolmen are now parading the streets with drawn revolvers. The reputable element of Bonesteel are much wrought up over the rescue and are determined to maintain peace.

Sioux City, Iowa, July 21.—Specials to the Journal place to day's registration at Yankton at 5,355 and Chamberlain 815. Total at Yankton, 51,029. But two days remain for registration and belated visitors are arriving at both points in great numbers.

A CANCER HOSPITAL.

Philadelphia, July 21.—Plans for founding in this city of a cancer hospital of national scope were formulated at a meeting of physicians of Philadelphia. The proposed institution is to be known as the American Oncologic hospital. The doors will be open to patients from any part of the country.

NOMINATED FOR CONGRESS.

Chicago, July 21.—Democrats of the ninth Illinois congressional district to day nominated Quin O'Brien for congress.

MISSOURI DEMOCRATS

Folk, the St. Louis Boodle Prosecutor, Nominated for Governor—Other Nominees.

Jefferson, City, Mo., July 21.—The following is the ticket nominated by the Democratic state convention which convened last Tuesday and adjourned sine die late to day:

Governor—Joseph W. Folk, St. Louis.

Lieutenant governor—Thomas L. Rubey, LaPlatta.

Secretary of state—Samuel B. Cook, Mexico.

Auditor—Albert O. Allen, New Madrid.

Treasurer—Judge James Cowgill, Kansas City.

Attorney general—Elliot W. Major, Bowling Green.

Railroad and warehouse commissioner—H. Rubey Oglesby, Warrensburg.

The convention was one of the most harmonious that ever assembled in the history of the state Democracy. Before the convention had assembled for its opening session the atmosphere was full of rumors of bolting, discord and a bitter fight on the floor of the convention, but there was nothing of the kind. Plans to accomplish defeat of S. B. Cook for secretary of state amounted to little and he was nominated on the first ballot. Rubey for lieutenant governor was nominated by acclamation. The railroad commissionership was decided on the third ballot. Other nominations were made on the first ballot.

Judge W. N. Evans, of Howell county, was elected chairman of the state committee. Judge Robert H. Kern, of Macon, and Col. Moses C. Wetmore, of St. Louis, were elected presidential electors.

After aooption of various committee reports, over which there were long discussions, the resolutions committee presented the platform. On bribery, the eradication of which is pointed out as the paramount issue of the party in Missouri, the platform says in part:

"Appalling exposures of corruption in Missouri have brought upon the good citizens of this state the responsibility of stamping out thing that dishonor and oppress. No party can be hurt by getting rid of rascals. No state can be injured by the enforcement of law."

BANK ROBBERS

Building at East Moline Blown Down But no Money Secured

Davenport, Iowa, July 21.—Two men entered the new state bank of East Moline, Ill., early to day, blew up the big safe with nitroglycerine, and, although securing no money, according to officers of the bank, demolished the entire bank building.

Armed posses followed several clues without result. Every sheriff of Illinois and eastern Iowa has been notified and capture of the men is expected soon, as one of the robbers is thought to have been seriously injured in demolition of the building.

GLASS WORKERS.

Cleveland, Ohio, July 21.—The most important convention of glass workers in recent years closed to night. They settled their factional differences and the future is very bright. The wage committee will meet a committee from the manufacturers in August and fix a new wage scale for the ensuing year. The wage committee will probably ask for an advance in wages all along the line. In the future all money coming into the local treasury will be turned over to the national body. This will result in the national body having a large sum on hand to carry on new organization and assist affiliated organizations in time of strike or lockout.

BATTLE OVER A CUR

Dog Catchers the Cause of Riot in Chicago—Policeman Fatally Injured.

Chicago, July 21.—In a riot growing out of an attempt to take a dog from a Maxwell street tenement house to day Policeman Lillis was fatally injured with an ice pick, several dog catchers knocked unconscious with stones and three received bullet wounds. Police quelled the disturbance by firing into the crowd which was attacking the dog catchers.

SENATOR BURTON'S CASE.

Washington, July 21.—Justice Brewer of the United States supreme court granted a writ of error to the federal court of the eastern district of Missouri in the case of Senator Joseph R. Burton for accepting a fee for services before the postoffice department. The case will be reviewed by the supreme court, probably in the fall.

ELK WAS TOO ENTHUSIASTIC.

Cincinnati, July 21.—John Fitzgerald, a member of Fort Wayne, Ind., lodge of Elks, carried away by his enthusiasm, slid down the bannister at Martin's hotel, where he was stopping, and fell midway between the first and second floors. Both legs were broken. His legs were put in plaster casts and he left for his home last night.

DEMOCRATIC COMMITTEE

CALLED TO MEET IN NEW YORK JULY 26

For the Purpose of Organizing—Taggart Still Candidate for Chairman—Belmont Favors Indiana Man—Day at Esopus.

St. Louis, July 21.—Chairman Jones to day issued a call for a meeting of the Democratic national committee in New York July 26 for the purpose of organizing.

STILL A CANDIDATE.

New York, July 21.—Thomas Taggart of Indiana, member of the national Democratic committee, had a conference with John W. Kern to day. Taggart is still a candidate for chairman and Kern has fully determined to insist upon Taggart's selection. It is understood August Belmont also favors Taggart for the place.

Esopus, N. Y., July 21.—John B. McDonald's fsteam yacht Sapphire, which dropped anchor off Rosemont last night, sailed for New York at 8 o'clock this morning. On board were Messrs. McDonald, Belmont and Justice O'Brien of the supreme court.

Upon invitation of Mr. McDonald, Judge Parker and his brother Frederick took dinor on the Sapphire last night and afterward lolled about the deck in conversation until after midnight. Then Judge Parker and his brother were rowed back to Rosemont.

Judge Parker went to the dock for his usual plunge early this morning clothed in a rubber coat, bathing suit and sandals. The crew of the Sapphire were just hauling in the anchor getting ready to leave. McDonald and O'Brien thrust their heads through the cabin windows and called a lusty greeting and were chided by the nominee for oversleeping. Judge Parker was still in the water when the Sapphire sailed down stream.

Judge Parker and his daughter, Mrs. Hall, went horseback riding, while Mrs. Parker and her sister, Miss Schoonmaker, journeyed to New York on a shopping expedition later in the day.

William F. Sheehan returned from New York this evening and had a brief talk with Parker. They will confer again to morrow. Cleveland's published article discussing the present Democratic policy and Parker's leadership is regarded by Parker as likely to be of great value in the campaign and as one of the strongest appeals yet made to Democratic voters.

CANDIDATE DAVIS.

Bedford, Pa., July 21.—Ex-Senator Davis, Democratic vice presidential candidate, arrived here to night. Col. James M. Guffey, of Pittsburg, and Judge George Gray, of Wilmington, Del., who have been here several days, met him at the hotel, but no conference was held to night.

BRYAN PLANS REFORM

Favors Radical Changes in Attitude of Democracy—Would Elect Parker.

Lincoln, Neb., July 21.—Bryan's plan for reformation of the Democracy was published to day. Bryan favors radical changes, but advocates election of Judge Parker for president as a good beginning. He declares for state ownership of railroads, government control of telegraphs, abolishment of private monopoly, favors income tax and election of federal officers by the people. He says the money question is for the present in abeyance. "Production has lessened the strain upon the dollar and while bimetallism is as sound in theory as it ever was necessity for it is not so apparent."

He says he considers the time ripe for presentation of the question of government ownership of railroads. He considers purchase of railroads by the federal government more objectionable than a plan involving ownership by the several states. The former plan, he thinks, would mean enormous centralization of power and give the federal government increased influence over the citizen and the citizen's affairs.

If railroads are owned by states objection based on centralization is entirely answered, he says, and discusses the two propositions at some length. He sees no reason why this nation should not do as other nations are doing—embrace the telegraph system as well as the mail system in the postoffice department.

Bryan also argues in favor of an income tax and says contests he has outlined "must be made whether the party wins in November or not."

MRS. MAYBRICK WITH MOTHER.

Rouen, France, July 21.—Mrs. Florence Maybrick arrived here from London to day. She was met at the station by her mother, Baroness de Roques, with whom she drove in a closed carriage to the baroness' home. Neither Mrs. Maybrick nor the baroness went outside the grounds of the residence to day.

ELKS GRAND LODGE

Exalted Ruler's Recommendation to Abolish Sign and Grip Adopted.

Cincinnati, July 21.—The grand lodge of Elks was in session all day and again to night. The recommendation of Grand Exalted Ruler Fanning to abolish the grip and sign was adopted. The committee on ritual was directed to prepare a new edition for exemplification at the Buffalo meeting next July. No decision was reached on the question of smaller dues for towns than for cities.

The lodge at Peoria, Ill., charged with giving a street fair claimed it had contracts before the ban was placed on street carnivals. The matter was referred back to committee, as were most grievances.

The date for the meeting of the grand lodge next year at Buffalo was fixed for July 10, when a new system of voting for officers will be proposed so as not to protract the election as was the case here this week. Only minor changes in the ritual were made to simplify the work. Twenty-five Elks from various lodges were expelled.

In field sports in connection with the Elk festivities this afternoon all automobile and trotting races were won by local people. The 100-yard dash, the principal athletic ovent, was won by E. A. Doty, Chillicothe, Ohio; Mart Langdon, Dubuque, Iowa, second.

TRAGEDY AT CANTON

Frank Pierce Shot and Killed His Wife.

Peoria, July 21.—Frank Pierce to day shot and killed his wife at their home in Canton and for a few hours held the entire police force at bay. Undertaker Messler consented to enter the house and prepare the woman's body for burial, when officers rushed in and captured Pierce after a desperate fight.

REPUBLICAN EDITORS.

Milwaukee, July 21.—Eighty editors of Republican newspapers of Wisconsin organized the Wisconsin Republican Editorial association to day. Col. John Hicks, of Oshkosh, was elected president; W. G. Weeks, Delavan, secretary; E. T. Wheelock, Milwaukee, treasurer. Vice presidents were named for each congressional district. Resolutions were adopted endorsing the national and state Republican platforms.

NOT PROPERLY EXPLOITED

PUBLICITY FEATURE OF FAIR NEGLECTED

Letter Sent to President Francis of Exposition by National Commission—Details of Fair Not Made Known.

St. Louis, July 21.—Because they believe the fair is not being properly exploited by the press in this and other countries, the national commission has caused a letter to be addressed to President Francis of the exposition in which they call attention "To the apparent need for extension and enlargement of the publicity feature of the exposition." Chairman Carter, who signed the statement in behalf of the commission, admits the zeal and efficiency of the local press, but calls attention to the fact they, like papers in other cities, enjoy general circulation in limited area, and beyond the lines of special influence of the local press the extensive proportions and details of the fair do not appear to the commission to have been made known to the general public to the extent and in the manner calculated to inspire interest and secure the attendance which it merits. "In the opinion of the commission this delinquency does not arise from any lack of devotion to public welfare by the press of the country at large."

Carter then cites recognition given the fair by the general government, invitation extended by the president to other nations, co-operation of consuls and diplomats abroad, generosity of states, palatial buildings erected by foreign governments and by states, exhibits installed, etc., as bearing amplest testimony of a desire to make the exposition a success. While the exposition has been in progress three-sevneths of the allotted time and merits of the exposition are recognized, attendance, he says, is far short of what it should be. Masses of the people do not understand the magnificent and numberless attractions.

Carter believes "unsatisfactory conditions prevailing would be overcome if the country at large could be adequately advised of what is to be seen, learned and enjoyed within these grounds." This, he argues, could be done through more thorough publicity, and he believes newspapers of respective states would cheerfully give space to descriptive matter directly relating to exhibits and achievements of interest to their readers. He makes some suggestions along this line and proposes a conference of various commissioners to consider and take action in the premises. Concluding, Carter says:

"It is far from the intention of the commission to interfere with operation of any of your plans, but its respectfully submitted failure of expected and necessary attendance at the exposition is a matter of such supreme importance as to command every available force in directing attention of the people of the whole country to attractions and merits of the exposition. Should it comport with your judgment to call the conference suggested the national commission will be pleased to co-operate with you."

MINE CLOSED AGAIN.

Denver, July 21.—The Portland mine is closed again in consequence of action of military authorities. The mine was giving employment to five hundred men. Squads of soldiers have arrested forty of these, including the entire mechanical force at the three working shafts. The men are accused of no crime, the only accusation being they refused to sacrifice their membership in the Western Federation of Miners and take out mine owners' association working cards.

A MURDERER HANGED.

Pittsburg, July 21.—Nicholas Glazner, aged 41, was this morning executed in the county jail yard, in expiation for the murder of Margaret Hall, a servant girl, with whom he had kept company for some time. The drop fell at 10:03. Glazner was a former street car conductor. There was no unusual scenes. Glazner leaves a widow, who has for years been an invalid, and several children.

DEATHS.

Leavenworth, Kas., July 21.—A. J. Tullock, president of the Missouri Valley Bridge and Iron company, and a well known civil engineer, died at his home here to day after an illness of two years, aged 59. He had done construction work for the Mexican government at Tampico, Mexico, and built some of the largest bridges in the country. He was a close friend of Andrew Carnegie. Burial will be at Rockford, Ill.

EX-SENATOR VEST ILL.

Sweet Springs, Mo., July 21.—Former Senator Vest is in a critical condition and his closest friends say there is but little hope of his recovery. His mind is clear, but his strength is failing rapidly each day. His son and daughter have been summoned.

PATRONS OF NICHOLS PARK.

Patrons of Nichols park will kindly refrain from using the new pavilion at present, as it is in its finishing stages and much damage can be done.

Bear a little patience. Give the paint a chance to dry. The work will be ready to deliver to the park commission in less than three weeks. The public anxiety is readily understood, but a little consideration on their part will be a great assistance to those in charge, who are doing all they can to get the job done.

In the past parties have been congregating in the pavilion evenings and Sundays, using it for lunching, promenading, etc., while the bolder ones thought it was built for the especial purpose of holding "rough house." This has been a great annoyance and it is hoped that this notice will be effective; if not, a watchman will be necessary.

For a while read the signs: "Keep Out."

C. W. Buckingham,
Architect.

NOTICE TO CONTRACTORS.

Bids will be received at the city hall in Jacksonville, Ill., by the board of local improvements of the city of Jacksonville, until 2 o'clock p. m., of Monday, Aug. 1, at the city hall, when and where they will be publicly opened and declared; for the construction of a pipe sewer on East Morton avenue, in accordance with specifications and profiles on file in the office of the public engineer.

Bids shall be on blanks provided by said board, and each bid shall be sealed in separate envelopes and indorsed with the bidder's name and the name of the sewer bid upon.

Payments will be made in cash or improvement bonds bearing interest at the rate of 5 per cent per annum.

The board reserves the right to reject any or all bids.

John R. Davis,
C. W. Brown,
J. W. Harney,
Board of Local Improvements.

SURPRISE PARTY.

Miss Marguerite Morrisey was pleasantly surprised Thursday afternoon at her home on South Diamond street by a dozen of her little friends. The afternoon was spent in games and music and all had a very enjoyable time. Nice refreshments were served.

Those present were Misses Catherine and Ruth York, Lizzie and Louise White, Nellie Butler, Hazel Morrisey, Lula Palmer, Kittie McNamara, Katie Ryan and Marie Meany.

BROOKLYN CHURCH.

The pastor next Sunday morning will preach a Sunday school sermon. He requests that the teachers and officers all remain to the preaching service, and that the teachers urge the children to remain also. Let all unite with the superintendent in trying to make the Sunday school a greater power for good. Let there be a rally of parents and children at the service next Sunday morning and evening.

BIDS FOR COAL.

Bids for furnishing the Illinois School for the Deaf with coal from Aug. 1, 1904, to July 31, 1905, will be received by the undersigned at the office of the superintendent, up to 3 o'clock p. m., July 26, 1904. Blanks containing the specifications and requirements of the bids called for in this notice may be had upon application to this office. The privilege is reserved of rejecting any or all bids.

MATINEE RACES AT FAIR GROUNDS

Under Auspices of Gentlemen's Driving Club—Large Attendance and Track in Good Condition.

Before a splendid crowd the Gentlemen's Driving Club association made their initial bow to the public for the season of 1904, Thursday afternoon, when the first matinee was held at the fair ground track.

The field of starters was small in all of the races and the sport was not of the grand circuit variety. Dr. J. W. Sperry presided in the starter's stand and gave satisfaction in every way. Jeffries' Concert band gave a splendid program of music and the only real demonstration of the afternoon was when Coroner Reynolds led the cheering after the band played "Hello, Bill." The judges were W. E. Killen, Cal Martin, of Roodhouse, and J. G. Reynolds. The timers were H. H. Massey, T. J. Packard and Frank Lohman. Capt. John E. Wright acted a marshal. Many of the horses had never faced a starter before and for all of them it was the first race of the year. Larger fields and more exacting finishes will doubtless be the order in the future matinees.

The races by heats were as follows:

GREEN PACE.

The first race on the card was the green pace. There were four starters. Hal (Beerup) drew the pole; Billy Vandeventer (Masters and Beckman) was second, Big Billy (Anderson), third and Omy (Reagan) was fourth. They got the word in the second time down and the heat was a procession, Big Billy going into the lead at the first turn and came in eight lengths ahead of Vandeventer. Hal was third and Omy fourth. The time was 1:17.

Second heat—The second heat was another procession and Big Billy jogged along as he pleased and came home an easy winner, with the heat and race. Vandeventer was second, Hal third and Omy fourth. Time, 1:20.

Green pace (best two in three)—Summary:

Big Billy (Masters & Beckman)	1	1
Billy Vandevender (M. Anderson)	2	2
Hal (C. E. Beerup)	3	3
Omy (Reagan)	4	4

Time—1:17, 1:20.

THREE-MINUTE TROT.

Four horses started in this race. Billy (Craig) held the pole; Leand (Killen) second; Watch Out (Rutherford) third, and Jennie K. (Killian) fourth. On the second scoring they were sent away and after the first quarter it was a procession, Billy coming home six lengths to the good. Leand was second, Jennie K. third and Watch Out fourth. The time was 1:15.

Second heat—Billy took the second heat of the three-minute trot in easy fashion, and came home handily without a skip or break. Leand was second, Jennie K. third, and Watch Out fourth. Time, 1:14.

3:00 trot (best two in three)—Summary:

Billy (Craig)	1	1
Leand (Killen)	2	2
Jennie K. (Killian)	3	3
Watch Out (Rutherford)	4	4

Time—1:15, 1:14.

2:30 TROT.

There were but two starters in the 2:30 trot, Cora J. (Lohman) and Roy C. (Henry). On the second scoring they were sent away and it was a pretty race, neck and neck, until the last 200 yards, when Roy C. went up and Cora J. took the heat in 1:16.

Second heat—The second heat of the 2:30 trot was another victory for Cora J., although the gray gelding, Roy C., was after her all the way until the turn into the stretch, when the handsome fellow again broke and Cora J. came home handily an easy winner. Time, 1:15½.

Third heat—The third heat of the 2:30 trot was a repetition of the second and Roy C. broke on the third turn. Cora J. had things all her own way. The time was 1:16¾.

2:30 trot (best three in five)—Summary:

Cora J. (Lohman)	1	1	1
Roy C. (Henry)	2	2	2

Time—1:16, 1:15½, 1:16¾.

2:30 PACE.

Three horses faced the starter in the 2:30 pace. Robert Whitely Jr., (Cleary) drew the pole; Bermuda Girl (Masters and Beckman), second, and Hal Askew (Sibert) third. Three scorings were enough and Bermuda Girl was far and away too fast for the field and came home with the heat, never headed. Hal Askew was second and Robert Whitely third. Time, 1:18½.

Second heat—The second heat looked easy for Bermuda Girl and she led all the way until the last turn was reached, when Masters held up on the roan mare. Sibert, with Hal Askew, was coming strong and in the home stretch closed on Bermuda Girl and won the heat by a neck. Robert Whitely, Jr., was third.

Third heat—The third heat also proved a victory for Hal Askew, who won the heat and race. Bermuda Girl was second and Robert Whitely, Jr., third. Time, 1:15¼.

2:30 pace (best two in three)—Summary:

Hal Askew (Sibert)	2	1	1
Bermuda Girl (Masters & Beckman)	1	2	2
Robert Whitely, Jr. (Cleary)	3	3	3

Time—1:17, 1:18½, 1:15¼.

SPECIAL RACE.

Two horses started in the special race: Jennie L. (Cleary) and Buck Allen (Lohman). Jennie L. drew the pole and on the second time down they went away and it was a pretty race until the third turn, when Jennie L. broke and Buck Allen took the lead into the stretch and came home in 1:10.

Second heat—The second heat of the special race was another victory for Buck Allen, who came home in fine style, with the heat and the race, in 1:10½.

Special race (best two in three)—Summary:

Buck Allen (Lohman)	1	1
Jennie L. (Cleary)	2	2

Time—1:10, 1:10½.

RATE WAR TO BOSTON.

Developments Wednesday in the passenger rate trouble over the Grand Army encampment at Boston pointed more clearly to a rate war. Officers of the Michigan Central, as well as those of the Grand Trunk and the other differential lines, were emphatic in their statements that they would maintain their positions and unless one side recedes a bitter struggle is certain.

The Michigan Central, representing the standard lines, is making every effort to force the Grand Trunk and its allied lines to abandon their differential and make a rate of $20.35, but the fight which the Grand Trunk made on stopovers some time ago inspires the belief that it will not recede in the present controversy.

The Central is said to contemplate making a rate of $17.75 in connection with special trains, and the Grand Trunk is reported to have authorized agents to quote this rate, but in case the Central put it in force to maintain the differential by a cut of $2.60.

PATENT MEDICINES.

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Allcott.

EXPECT A MILLION FROM DAVIS.

New York, July 21.—One of the most important results of the recent Democratic conferences in the Hoffman house is the starting of a campaign fund of unusually large proportions. It is currently reported that the Democratic vice presidential candidate, ex-Senator Cassaway Davis, will contribute the nucleus of the fund in the shape of $1,000,000. This is not a large sum for a man of Mr. Davis' wealth to give up for the distinguished honor of rounding out his career as a vice presidential candidate, so the politicians say. The venerable West Virginian is reputed to be worth $20,000,000 at the least. It is expected that most of the Democratic campaign clubs which will spring up like mushrooms will bear the name of H. G. Davis.

SURE CURE FOR PILES.

Itching piles produce moisture and cause itching, this form as well as Blind, Bleeding or Protruding Piles are cured by Dr. Bo-san-ko's Pile Remedy. Stops itching and bleeding, absorbs tumors. 50c a jar at druggists or sent by mail. Treatise free. Write me about your case. Dr. Bosanko, Philadelphia, Pa. For sale by Lee P. Allcott.

ADVERTISEMENT OF SALE OF REAL ESTATE.

By virtue of an order and decree of the county court of Morgan county, Illinois, made on the petition of the undersigned executor of the estate of Herbert G. Whitlock, deceased, for leave to sell real estate of said deceased at the June term, A. D. 1904, of said court, to wit: On the 14th day of June, 1904, I shall, on the 30th day of July, 1904, between the hours of 10 o'clock in the forenoon and 5 o'clock in the afternoon of said day sell at public sale at the south door of the court house in said county the real estate described as follows, to wit:

Lot one (1) in Chambers' first addition to the town (now city) of Jacksonville, in Morgan county, Ill., on the following terms, to wit: Cash in hand upon the tender of a proper executor's deed; the purchaser to assume the tax of 1904 payable in 1905, and to have possession of the property on Aug. 17, 1904.

Dated this 21st day of June, A. D. 1904.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere, seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Don't Be Taken In.

All coal may look alike to you, but the burning of it will show that there's a big difference in quality.

"Ideal" coal is the best soft coal the world produces. It is perfectly uniform in quality. Every ounce contains exactly the same reliable heat poducing elements as every other ounce. It's free from foreign matter. Practically no clinkers whatever. Nothing but pure, concentrated heat and just a sprinkling of ashes.

To tell the truth, we did not blunder into "Ideal" coal by accident. We inspected and tested hundreds of kinds of coal before we found "Ideal." We wanted the BEST for our customers—and now we have it.

Fill your bin to the brim with "Ideal" coal right now. You'll not regret it. At present prices it's a gilt-edged investment. $2.75 per ton, cash for July delivery. Order som to day.

ENJOYED HAY RIDE

The members of the Centenary church Epworth league enjoyed a hay ride Thursday night to the home of Miss Zoe Tyrrell east of the city. About fifty members went out on two hay wagons. The lawn of the Tyrrell residence was tastefully decorated with lanterns, flags and bunting. At 8:30 a splendid picnic lunch was served.

Rev. and Mrs. A. L. Ewert chaperoned the party. A flashlight picture was taken by Milton Jackson before returning. The evening was spent in a most pleasant manner and the guests returned about 10:30. The committee on arrangements consisted of A. M. Ewert, V. G. Keplinger and E. A. Pearse. Miss Boyd and Miss Minnie Bourne assisted with the refreshments.

CRUISER LAUNCHED.

San Francisco, July 21.—The armored cruiser South Dakota was successfully launched at the Union iron works this evening. The ceremony was unusually simple. Bishop W. N. Nichols, Episcopalian, offered a short prayer and then Miss Grace Herreld, daughter of the governor of South Dakota, pressed the button that released the hull of the youngest American cruiser. As the vessel began to move Miss Herreld swung a bottle of champagne against the boat and bestowed the designated name upon the cruiser. Governor Herreld and party and a number of naval officers and distinguished citizens witnessed the launching.

CITY COUNCIL

REGULAR SESSION HELD THURSDAY NIGHT

Protest Against Morton Avenue Pavement--Automobile Ordinance—Music in Saloons—School Tax Levy and Other Matters Considered.

Many questions of importance were considered at the meeting of the city council held Thursday evening. Attorney F. E. Baldwin, representing a majority of the property owners on East Morton avenue, protested against the action of the council in ordering the construction of the pavement. Many of the property owners were present and Mr. Baldwin urged earnestly that the council listen to the protest of the majority and reconsider their previous action. The petition was referred to the board of local improvements to report back to the council.

The school tax levy for the next year was presented in a communication from the school board and provides for a total of $80,000.

A new sidewalk ordinance was passed, containing the provisions as adopted at a former meeting of the council.

An ordinance was read regarding music and other enticing noises coming from the saloons, but was laid over on motion of Ald. Doolin.

The question of lights was considered at length and the Wabash subway was again under discussion. A committee was appointed to go to Decatur and take up the matter with the Wabash officials.

The city attorney was instructed to prepare an ordinance governing the cutting of noxious weeds.

Two automobile ordinances were introduced, but action was postponed as the members of the council were not prepared to act without fuller investigation.

Ald. Babb sent a communication to the council protesting against granting the exclusive telephone rights of the city to the Illinois Telephone company.

Ald. Govein, chairman of the water committee, asked for further time to consider the Mayhon proposition.

THE PROCEEDINGS.

The city council met in regular session Thursday night with all members present except Alds. Babb, Cobb and Johnson; Mayor John R. Davis in the chair.

The minutes of the last meeting were read and approved.

A petition was read from the property owners on West Lafayette avenue, asking thta they be allowed to specify the kind of brick to be used in the pavement. They asked that Poston block, Clinton block and other kinds of materials be advertised in the bids so that competition might result and the best materials thereby secured.

Ald. Vaught, seconded by Ald. Kennedy, moved petition be granted.

Ald. Moore spoke in favor of granting the petition. Motion carried.

A petition from the property owners on East Morton avenue was read, protesting against the action of the council in passing an ordinance for the paving of said street, and asking that the matter be reconsidered.

Ald. Kennedy stated that the property owners on this street had a representative present and thought the council would like to hear from him.

Attorney F. E. Baldwin, in behalf of the property owners, stated that they came before the council representing three-fourths of the property on the proposed stretch of pavement and they felt that their wishes in the matter should be taken into consideration by the council. Many of the property owners have corner lots and the burden falls especially heavy upon them. While the matter has gone into the county court, yet it is still within your power to dismiss the proceedings already begun in the county court. We feel that in justice to the property owners, representing over a majority of the frontage on the street, that you ought to reconsider your action in the premises.

Ald. Moore stated that when the board of local improvements had a public hearing the full report of that hearing should be made to the council so that the members could act intelligently. The board reports in favor or against a proposition, but the reasons therefor in detail are never presented.

Ald. Hildreth said he could not vote against a thing he had voted for so recently and he felt that it would be establishing a bad precedent. He hoped the pavement would not be laid for a year.

Ald. Vaught stated that he voted for the pavement because it was presented by the board of local improvements. He favored having the petition referred to the board of local improvements, to be reported back to the council.

Ald. Vaught moved that the petition be referred to the board of local improvements with the above understanding. Carried.

A petition was read asking for a board sidewalk on King street. The petition was declared out of order and the matter referred to the highway committee.

A petition was read from Seligman Bros., asking permission to erect an iron stairway on their building on Court street.

Ald. Moore moved the petition be referred to the building committee. Carried.

A communication was read from Ald. Babb, stating that he understood action was soon to be taken giving the Illinois Telephone company the exclusive right to the telephone business of the city, and the right to raise the rates from $1.50 to $2.00, and $2.00 to $3.00. Ald. Babb protested against such action.

Ald. Moore moved the communication be read and placed on file. Carried.

Considerable discussion was indulged in regarding new lights in various parts of the city and Alds. Moore, Vaught, Kennedy and Ticknor spoke on the matter.

Mayor Davis stated that for over a year petitions had been coming in to the council and without exception they had been granted until 150 lights had been granted, while the city had about thirty to distribute. As there are only a few lights to be placed they should be placed where they will do the most good.

Engineer Brown said considerable difficulty had been experienced in keeping the lamps lighted owing to a hard substance like glass in the carbon, which acted as a non-conductor. He hoped to have the matter remedied in a short time, as it had been taken up with the carbon manufacturers.

Ald. Govein, chairman of the water committee, asked further time for consideration of the Mayhon proposition. He suggested that the city advertise for water pipe to be used in the new streets to be paved.

The city clerk was instructed to advertise for bids for coal for the water and electric light departments.

Under unfinished business City Clerk Stewart stated that in order to incorporate the sidewalk rebate decided upon at a recent meeting of council it had been necessary to redraft the sidewalk ordinance and with re-draft the ordinance and with the assistance of City Engineer Brown a new ordinance had been drawn embodying the provisions as designated in the action of the council previously taken.

The city clerk then read the new ordinance and Ald. McGinnis moved attachment of the emergency clause. Carried.

Ald. Moore objected to the passing of the ordinance on first reading.

Ald. Ticknor moved adoption of the ordinance and motion carried, Ald. Moore voting no.

Regarding the change in the name of Carter street, referred to the aldermen of the First ward, the aldermen asked further time.

Ald. Kennedy brought up the matter of the Wabash subway on East State street and asked that something be done in the matter.

Ald. Hildreth thought the mayor and city attorney had been doing all they could in the matter.

Ald. Govein asked the city attorney what he knew of the Wabash subway.

The city attorney stated he had the matter under consideration.

Ald. Kennedy moved that the city attorney be instructed to take legal action to enforce the Wabash subway ordinance.

Ald. Moore stated he believed that the enforcement of the ordinance would be a boomerang to the city and he felt the Wabash people know this fact to be true. He felt that the difficulty could be remedied by grading up the road north of the East State street crossing.

The mayor appointed Alds. Ticknor, Govein and McGinnis a committee to go to Decatur to take up the Wabash subway with the Wabash officials. Carried.

Ald. McGinnis brought up the matter of keeping noxious weeds cut. The city attorney was instructed to prepare an ordinance governing the matter of noxious weeds.

A communication was read from the school board stating the requirements of the schools for the next year would be $80,000, and asking the council to take the necessary steps for the levying of a tax sufficient to raise said amount. An ordinance was read in compliance with the above and the matter went over under the rules.

Of the $80,000, $65,000 is for general school purposes and $15,000 for building purposes.

A resolution was read showing that at the recent special election for the passage of a two-mill park tax, that the proposition had carried. The returns of said election were then canvassed by the council and declared in accordance with the report made in the resolution.

Ald. Higgins moved the adoption of the resolution. Carried.

A resolution was read authorizing the burning of the ballots cast at the last city election and Alds. Kennedy and Vaught were appointed to witness the burning of said ballots.

An ordinance amending the saloon ordinance was read, providing that phonographs, graphophones and musical instruments of a kindred character should be prohibited in saloons and kindred places.

Ald. Doolin asked who had introduced the ordinance and was informed by the mayor that it had been presented at the suggestion of Chief of Police Dunavan.

Ald. Doolin objected to an ordinance being presented except by the mayor and members of the council and the mayor said that under those conditions he would father the ordinance.

Ald. Vaught said he was opposed to this ordinance if it was to be passed for the purpose of levying a fine every two or

CITY COUNCIL

(Continued from Fourth Page.)

three months and then allowing these musical instruments to run in the meantime. This was the practice now in vogue in the was opposed to adding another ordinance case of gambling and other evils and he that would allow such practices.

Ald. Kennedy said it was a waste of time to pass such an ordinance, as he had beat the same thing in the courts twice.

Ald. Moore thought that the saloons were getting quite noisy and that such practices as prevailed should be stopped. He favored the ordinance.

Ald. Ticknor spoke along the same line.

Ald. Kennedy said an ordinance with the same provision was now on the statute books of the city.

Mayor Davis stated that the chief of police had said he could not prevent noises of the character now being made unless the amendment to the ordinance was passed.

Ald. Ticknor moved an emergency clause. Motion lost and the ordinance laid over under the rules.

An automobile ordinance was introduced, providing that the speed of such vehicles should be limited to eight miles an hour; that two automobiles should not be run abreast on the same street; that each automobile should carry a light attached conspicuously in front of the machine; and that when any horse or horses are scared on account of such automobiles that the driver of such automobile should stop and assist the driver of said animal until he has passed the automobile. The emergency clause was attached to the ordinance.

Ald. Vaught wanted the speed limit placed at ten miles an hour instead of eight.

Ald. Vaught offered the above as an amendment.

Ald. Kennedy moved as an amendment that each automobile should be numbered in big figures and registered at the city clerk's office.

Ald. Ticknor thought the speed of eight miles an hour was sufficient.

Ald. Govela agreed with the last speaker. He favored the ordinance with Ald. Kennedy's amendment.

Ald. Moore favored eight miles an hour as a speed limit.

Mayor Davis stated that Felix Farrell was present, representing the automobile owners of the city, and had an ordinance which he would like to introduce. The city clerk read the ordinance, which was the same as the first ordinance, eliminating the provision requiring the driver of an automobile to stop when a horse scares at the machine, and also placing the speed at ten miles an hour.

Mr. Farrell, upon invitation, addressed the council on the ordinance and gave his reasons for the introduction of it. He felt that under all ordinary circumstances a driver of an automobile would stop in meeting a scared horse when necessity required it.

Ald. Vaught moved the ordinance lie over under the rules and be referred to the city attorney and ordinance committee. Carried.

Adjourned.

TOURNAMENT ENDS TO DAY

FINALS IN GOLF CONTEST AT HAND

Luttrell and Osborne Make Remarkable Drives—Springfield Players in Fine Form—Special Handicap Match to Day.

There were many brilliant plays on the golf links Thursday and great enthusiasm was manifested. A large gallery followed Chatterton and Brown of Springfield in a very exciting contest in the afternoon, when the former won from Brown, the last year's champion, by the narrow margin of 1 up. In his second round Chatterton played the course in 40.

A large gallery also followed Osborne, of Jacksonville, and Cadwallader, of Springfield, in their hard-fought morning game. Cadwallader, in this contest, played the course in 39, the lowest record yet made. Cadwallader demonstrated his right to the title of champion in this contest and his chances for winning the cup are indeed extremely good. Osborne made a brilliant drive in this match. When at the seventh hole he drove high across the brook, a distance of 264 yards. This has never before been done. The longest drive which has been made in this tournament was made by Green Luttrell, who drove from the first tee to the wire bunker, a distance of 275 yards. Mr. Luttrell made this drive in his match with Ricketts, of Springfield.

There will be a handicap contest to day open to all members of the Central Illinois Golf association. A handsome cup has been presented by Bassett & Fairbank. All players intending to play should be on hand by 8:30 a. m., so that their handicaps may be assigned them. Those playing their regualr matches may play in this event at the same time. Persons playing in matches will not have to paly stymies. This contest will be for 18 holes. Best net score wins the cup. The following players will start from the scratch: Cadwallader, Osborne, Chatterton and Herring. The handicaps of the others will be decided upon by A. Campbell Brown, of Springfield; E. E. Heidrick, of Peoria; Dr. Charles Center, of Quincy, and F. L. Ledferd, of this city, captains of their respective teams. All local players are invited to attend. Finals in all contests will be palyed this afternoon.

The scores for the morning play in the three events follow:

CHAMPIONSHIP CUP.

Brown, of Springfield, defeated McMein, of Quincy; 1 up.

Chatterton, of Springfield, defeated Baker, of Quincy; 2 up and 1 to play.

Ledford, of Jacksonville, defeated Greenleaf, of Jacksonville; 6 up and 5 to play.

Talbot, of Peoria, defaulted to Ricketts, of Springfield.

Beadle, of Galesburg, defaulted to Luttrell, of Jacksonville.

President J. E. T. Rutter offered a special silver cup for two-hole contest, aggregate distance 1,400 yards. Cadwallader, of Springfield, and Greenleaf, of Jacksonville, tied during the morning contest. The tie was played off in the afternoon and Cadwallador won. Twenty-four players participated in this contest.

CHAMPIONSHIP CONTEST.

Afternoon play in the championship cup contest:

Chatterton, of Springfield, defeated Brown, of Springfield; 1 up.

Cadwallader won by default of both his contestants.

Herring, of Quincy, defeated Baird, of Springfield; 6 up and 5 to play.

Ayers, of Jacksonville, defeated Roberts, of Springfield; 1 up. Play, 19 holes.

The semi-finals in the above contest will be played this morning, as follows:

G. W. Chatterton, of Springfield, will play Douglas Cadwallader, of Springfield.

Ayers, of Jacksonville, will play Herring, of Quincy.

In the afternoon the final play will be made.

NIL DESPERANDUM.

Thursday afternoon play for the Nil Desperandum cup:

Allen, of Springfield, won from Henkle, of Springfield, by default.

Harris, of Champaign, and Best, of Jacksonville, both defaulted.

Walcott, of Quincy, defeated Matheny, of Springfield; 3 up and 2 to play.

The semi-finals in the above contest will be played this morning, as follows:

Walcott, of Quincy, plays Heidrick of Peoria.

Allen, of Springfield, will win by default and the winner of the above play will match Allen for the final.

NA MUCKLE DOON.

The contest for the Na Muckle Doon cup Thursday afternoon resulted as follows:

Reeves, of Quincy, defeated Musselman, of Quincy; 2 up and 1 to play.

Center won by default.

Ledford, of Jacksonville, defeated J. F. Cadwallader, of Springfield,; 7 up and 6 to play.

Luttrell, of Jacksonville, defeated Ricketts, of Springfield; 1 up. Play, 19 holes.

The semi-finals in the above contest will be played by Luttrell and Ledford, and the winner will be matched with Dr. Center, of Quincy, for the finish.

PUTTING CONTESTS.

The approaching and putting contest, which resulted in a tie on Wednesday between Wilms, of Quincy, and Hubble, of Jacksonville, was played off Thursday morning and won by Hubble. The cup for this event was presented by Miss Fannie Hook.

In the men's putting contest there were thirty entries and in the first contest Rev. Alexander Allen, of Springfield, and Ayers, of Jacksonville, tied with a net score of 12. The tie was played off and Allen won by a score of 14. The cup for this event was presented by W. E. Killen.

There were fifteen entries in the ladies' putting contest and was won by Miss Galdys Osborne, of Jacksonvill, by a score of 8. President Rutter of the association offered a special cup for this event.

LOYAL AMERICANS.

After the regular meeting of the Loyal Americans, assembly No. 28, Thursday evening the members enjoyed refreshments through the kindness of Dr. M. H. Goodrick, who is one of the enthusiastic workers in the order. A drawing contest was also held and John Joaquin drew the lucky number.

THE BIRTH RECORD.

AN OLD ROMAN BATH.

Women used to lose their hairpins a thousand years ago much in the same way as they do today. That at least is the impression one gets from the antiquities found during last year at the Silchester excavations.

The most interesting discovery was the building which formed apparently the principal baths of the Roman town. The exploration of the baths yielded a number of architectural fragments, including a small altar, portions of capitals and bases, part of a large basin of Purbeck marble and some singular pieces of metal.

In a filled up hypocaust were found at least 100 bone pins which had evidently been used to adjust the back hair of Roman women who used the baths. Probably they had been dropped in the way woman throughout the ages has shed pins and were collected by the keeper of the baths. Some of them are quite three inches long and would make passable hatpins for the present fashion.

A pair of gold earrings with uncut green gems are so bright they look as if they might have just come out of a jeweler's shop in Bond street.—London Chronicle.

Dead Sea to Be Enlivened.

It is believed that before very long the Dead sea will be exploited for industrial purposes. French engineers are now at work on three different projects with this purpose in view. The level of the Dead sea being more than 1,800 feet below that of the Mediterranean and the Red seas, it is thought that by connecting either of these two seas by means of a canal with the Dead sea a stream of water would flow with a velocity calculated to produce some 25,000 horsepower.

There is no danger, it is asserted, of an overflowing of the Dead sea, for the waters there evaporate at so great a rate (6,000,000 tons a day) that the incoming waters would make no appreciable difference in the level. Having obtained power in this manner, it is thought many industrial works would be carried on.—London News.

Miss Hapgood tells how she escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes and ovaritis), which is a most distressing and painful ailment, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking **Lydia E. Pinkham's Vegetable Compound**, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation."—MISS IRENE HAPGOOD, 1022 Sandwich St. Windsor, Ont.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from neglect.

They Were Not Synonyms.

The city editor had sent out a reporter to interview physicians regarding a story that the jar incidental to riding on trolley cars had caused a new nervous disease to appear.

The reporter returned and said that there was nothing in the story.

"There is no jar to riding on a street car," he said. "There is only the occasional jolt when the car starts or stops too suddenly."

"Well," said the city editor, with some asperity, "there is no difference, is there, between a jolt and a jar?"

"Oh, yes there is," said the reporter. "Did you ever hear of preserves being put up in a jolt?"

Turkish Cossacks.

Russia is not the only country whose battles are fought by Cossacks. Turkey, too, has her share of these fighters, and, as with Russia, they are her best and most cruel soldiers.

In Turkey they are called "Chirkasses." Their outrages on the Christian peasants of Bulgaria, when brought to light by the American war correspondent, MacGahan, caused the Russo-Turkish war. Since then they have not been so much in evidence, being used in Turkey's Asiatic provinces.

A Young Veteran.

A remarkable veteran soldier in England is Lord Chelmsford, now seventy-seven years old, but appearing like a man in the fifties. It is sixty years since he entered the army, and he is among the now thinned ranks of those who served before Sevastopol. He was in the Indian mutiny, and later served in the Abyssinian, in the Kaffir and then in the Zulu wars. After that last campaign Lord Chelmsford was sent to the Tower of London as its lieutenant.

The Difference.

Philip Hale, the Boston musical critic and annotator of the Symphony programme books, was talking not long ago with a woman who is strenuously pursuing musical culture.

"Mr. Hale," she asked him, "what is the difference between the first and second violins in an orchestra?"

"About $10 a concert, madam," replied the critic.—Harper's Weekly.

Hard Name For the Automobile.

Flemish has enriched its vocabulary by a new word for automobile. It comes from "snel," rapid; "paardeloos," horseless; "zoondeerspoorweg," without rails; "petroolrijtuig," driven by petroleum. How would you like to be hit by a "snelpaardelooszoondeerspoorwegpetroolrijtuig?"—Boston Transcript.

ONE LADY'S RECOMMENDATION SOLD FIFTY BOXES OF CHAMBERLAIN'S STOMACH AND LIVER TABLETS.

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these Tablets.—P. M. Shore, Druggist, Rochester, Ind. The pleasant purgative effect of these Tablets makes them a favorite with ladies everywhere. For sale by all leading druggists.

Actella.

Thomas McGettigan of Toledo, O., has bought a well bred six-year-old brown mare in Actella, by Actell, son of Axtell, first dam by Patron, second dam by Baron Wilkes. She is 15.3 hands, a good individual and possessed of quite a turn of speed.

"Blondy" Hayes' Stable.

John Henry Walmer, 2:14¼, the chestnut pacer owned by Thomas Sullivan of Lima, O., recently worked in 2:15¼ over the Toledo track. He and Cervantes, 2:23¼, are in "Blondy" Hayes' stable and started at the Lima meeting.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women; regulates bladder troubles in children. If not sold by your druggist it will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. A. Obermeyer, City Drug Store.

READ THIS:

Jacksonville, Ill., Aug. 24, 1901.—For twelve years I have suffered from sweet diabetes and have spent hundreds of dollars with various doctors, with but little benefit. I was recomended to try a bottle of Texas Wonder, Hall's Great Discovery, and will cheerfully testify to the public that it did me more good than all things else put together and am altogether another man. I have persuaded many of my friends to try it.

The SPORTING WORLD

E. R. Thomas and His Stable.

E. R. Thomas, owner of fleet Hermis, winner of the Suburban handicap at Sheepshead Bay, New York, now has one of America's strongest thoroughbred stables. A young man, with almost limitless wealth inherited from his father, Mr. Thomas appears to have made it his ambition to "corner" the thoroughbred market. Certain it is

E. R. THOMAS, OWNER OF HERMIS.

that his operations have been conducted on a large scale, and the end is not yet.

In his stable at present are Advance Guard, the game old campaigner; Andy Williams, Buttons, the swift brown colt, four years old, by Tenny; Dimple, Duke of Kendal, St. Valentine, Shafer, Palmbearer, Onatas, Hunter Raine, Stalwart, Voloday, Young Henry, Zoroaster and the splendid Hermis.

Mr. Thomas is reputed to have made the largest bet on record on a single horse race. When the call to the post sounded one day a year ago at Saratoga, N. Y., Mr. Thomas stood to lose $125,000. The horse he backed, however, won handily, clearing a fortune for Mr. Thomas in less than two minutes.

Hanlon and McGovern.

The proposed fight between Terry McGovern and Eddie Hanlon of San Francisco did not take place as arranged. By mutual agreement the pair will meet on Sept. 5 instead. When the boys signed articles a few weeks ago they agreed to leave the combat open to the highest bidder. When the bids were opened it was found that the proposal of the National Athletic club of Philadelphia was the largest.

This club has offered 80 per cent of the gross receipts for a six round combat. Next came a purse of $5,000 from the Waverly Athletic club of Chicago and a $6,000 purse from the Lenox Athletic club of Philadelphia for a six round contest. A bid was also received from the Eureka Athletic club of Baltimore, which is controlled by Al Herford, manager of Joe Gans. This organization is ready to allow to the boxers 65 per cent of the gross receipts.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

When you are suffering from rheumatism the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by J. A. Obermeyer, City Drug Store.

NOTICE TO CONTRACTORS.

Bids will be received at the city hall in Jacksonville, Ill., by the board of local improvements of the city of Jacksonville, until 2 o'clock p. m., of Monday, Aug. 1, 1904, at the city hall, when and where they will be publicly opened and declared; for the construction of the following street pavements, in accordance with specifications and profiles on file in the office of the public engineer.

Bids shall be on blanks provided by said board, and each bid shall be sealed in separate envelopes and indorsed with the bidder's name and the name of the street bid upon.

THE ORIGINAL.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for FOLEY'S Honey and Tar and refuse any substitute, as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by J. A. Obermeyer, City Drug Store.

Rodenbach and Berger.

Willie Rodenbach, the amateur middleweight who recently defeated Sam Berger of San Francisco in a contest for the amateur heavyweight championship of America, has returned to New York with a massive silver cup, emblematic of the title and token of his splendid achievement. The Californians are still discussing Berger's defeat and marveling at how it all happened. They thought they had in Berger the man who would eventually fill Jeffries' shoes. There are many who still think he is a comer and declare that a four round bout, which the amateur rules only permit, is too short to gauge the abilities of any rising heavyweight, especially a fighter of Berger's caliber. They say that the longer Berger fights the better he becomes.

Chicago Trotting.

Chicago's interest in the trotter was demonstrated recently when three matinees were attended by big crowds. At the track of the West Chicago Driving club the initial matinee of the season was held and drew one of the largest crowds ever present at a matinee there, barring the cup events. The new grand stand was in shape to accommodate the patrons, and the sport was very good, although a few of the horses gave evidence that a race or two will improve their finishing powers.

New Bike Record For Hour.

James F. Moran of Chelsea recently established a new world's record for one hour's riding behind four horsepower machines at Charles River park, near Boston, covering 41 2-5 miles in the hour. There were seven starters, including, besides the winner, Will C. Stinson, Sammy Sulkins, Benny Munroe, Basil de Guichard, Patsy Keegan and Louis Mettling.

MATHENY & LLOYD.

(By Associated Press.)

Chicago, July 21.—Wheat—Good trade, but largely local and professional, with fluctuations frequent within established range. War possibilities, drop in consols and unfavorable foreign crop advices were principal bull helps. Local professionals and handlers of cash were conspicuous on the buying side early and the market responded readily to demand. Kansas crop advices were bullish. Buying of September and selling of December by elevator interests was a late feature. The close showed July up 2¼c, September 1⅜c higher.

Corn—Moderate trade and feeling somewhat unsettled, close showing July ¼c better, while September gained ⅝c. Buying of September was more general and shorts covered July. Distant futures did not advance proportionately. The market was strengthened chiefly by early advance in wheat. Weather conditions excellent and cables easier.

Oats—Active and strong, distant futures being bought by largest shorts. September took the lead and advanced ⅜c. December advanced ½c, other months ⅛@¼c. The advance was largely in sympathy with wheat and small offerings. Reports of rain southwest added to uneasiness of shorts.

FINANCIAL NEWS.

New York, July 21.—There was a marked hesitation and uncertainty in the tone of speculative sentiment to day and neither occasional advances nor intervening reactions proceeded for on account of timidity of the room trading element about following the movement. There was constant wavering of prices which gave the market a decidedly unstable appearance, but without developing any marked weakness on reactions. Union Pacific's aggressive rise of a point weakened some of the movement, but heavy realizing encountered on this advance aroused new skepticism over stability of the market. After Union Pacific had fallen back an upward movement in Reading begot little enthusiasm in any speculative following. A fall of ¼ in Amalgamated Copper measured disappointment of those who had expected an increase over the regular dividend declaration. Call money was offered with great freedom at 1 per cent. Prices sold off to the lowest late in the day, but closing was quiet and steady as follows:

Money on call very easy; opened at ¾@1 per cent to 1⅛; closing bid, ¾; offered at 1. Time money easy; sixty and ninety days at 2@2½ per cent; six months at 3¼.

Prime paper at 3½@4½.

Exchange steady. Demand at 487.05@487.10; sixty days at 484.50@484.55.

Bar silver at 56¼.

FOR THE LITTLE ONES.

How a Lazy Little Boy Was Taught a Wholesome Lesson.

It was a very hot day, and the little boy was lying on his stomach under the big linden tree reading the "Scottish Chiefs."

"Little boy," said his mother, "will you please go out in the garden and bring me a head of lettuce?"

"Oh, I—can't!" said the little boy. "I'm—too hot!"

The little boy's father happened to be close by weeding the geranium bed, and when he heard this he lifted the litttle boy gently by the shoulders and dipped him in a great tub of water that stood all ready for watering the plants.

"There, my son!" said the father. "Now you are cool enough to go and get the lettuce, but remember next time that it will be easier to go at once when you are told, as then you will not have to change your clothes."

Then the little boy went drip, drip, dripping out into the garden and brought the lettuce. Then he went drip, drip, dripping into the house and changed his clothes, but he said never a word, for he knew there was nothing to say.

That is the way they do things where that little boy lives. Would you like to live there? Perhaps not. Yet he is a very happy little boy, and he is learning the truth of the old saying:

Come when you're called; do as you're bid;
Shut the door after you, and you'll never be chid.

Eruption of Vesuvius.

Place at the bottom of a large flat glass vessel a little bottle containing some red wine. The bottle is sealed with a cork having a small hole bored through it by means of a redhot wire in the direction of its axis. We know that in consequence of its density wine will fall upward into water, and accordingly we shall soon see the ruby liquor escaping in a small but slowly widening thread that ascends toward the top of the water. Proceed as follows: From sand or earth fashion an imitation mountain at the bottom of the vase. In this miniature mountain conceal your bottle of wine, taking care to allow a small hole on top for the wine to escape; this is the crater.

Now gently pour water into your vase until nearly full, and, giving the water a circular motion with the hand, the red wine making its escape in a thin thread will give you a splendid imitation of an active volcano.

Character and Object.

Send two persons out of the room, then select a character and an object which are closely related to each other—for instance, "George Washington and his hatchet," "Sir Walter Raleigh and his cloak," "Cleopatra and the asp." Call in the persons and tell one of them to be the character, the other the object; then they ask alternately questions of the company, which must be answered by yes or no. They generally, after much questioning, find out who and what they are. Persons and objects may be of local fame, often causing much amusement.

Alice's Arithmetic.

"Did you divide your apple
With little brother Clyde?"
"No, ma," said Alice. "I can add,
But it's harder to divide."

How to Tell a Girl's Age.

The young lady does the figuring. Tell her to put down the number of the month she was born in, then multiply it by 2, then add 5, multiply it by 50, then add her age, then subtract 365, then add 115. Then ask her the amount she has left. The two figures to the right will be her age and the remainder the month she was born in.

For example, the number 118, she is 18 years old and was born in the first month (January).

A Pig's Tale.

Within a pen that was not big
A thrifty farmer kept a pig.
That piggy drank, the neighbors say,
A bucketful of milk each day.

A bucketful—all that was in it—
He drank one day in just a minute.
The man then grabbed him by the tail
And dropped him snug within the pail.

The pail of milk was in the pig
And yet the contents were not big
Enough to fully fill the pail
(The truth is strange, but must prevail).

Although the piglet was not big
And though the pailful filled the pig,
The pigful did not fill the pail—
And that's the end of piggy's tale.

CONDENSED STORIES.

How Matt Carpenter Explained the Remark of a Judge.

Former Assistant Attorney General James M. Beck told the following story the other day of Matt Carpenter, the famous Wisconsin senator: Carpenter was pleading a case before the supreme court. Before he had got half through with his argument the judges had made up their minds that his case was without merit and, moreover, that he was unprepared. When he finished his argument and counsel for the other side got up to reply the judges whispered to each other, nodded, and then the chief justice said:

"I don't think it will be necessary to hear from you, sir."

Carpenter's opponent was deaf, and he could only tell that the chief justice was addressing him. He turned to Carpenter for aid.

"What did the chief justice say, Matt?" he whispered.

"He said he'd rather give you the case than listen to you," Carpenter bawled in his ear.—New York Times.

Tardy Lawyer Rebuked.

Before Charles A. Rice became presiding judge of the superior court of Pennsylvania he served on the common pleas bench for several terms. A venerable lawyer of great local prominence named Farnham frequently appeared before him. Mr. Farnham very seldom arrived in the courtroom at the appointed

"THE LATE MR. FARNHAM HAS ARRIVED."

hour, but so great was his prestige that the court would patiently await his arrival.

One day an important case was on the calendar which Mr. Farnham was to open, but Mr. Farnham was not present when the court should have convened. For fifteen minutes Judge Rice waited, and then in hustled Mr. Farnham.

The judge then arose and announced solemnly:

"Now that the late Mr. Farnham has arrived the court can convene."

Mr. Farnham did not like the laugh which followed, but since then he has been very prompt with his court appointments.—Denver Republican.

Made His Mouth Water.

The late George Francis Train was once dining in a fashionable restaurant where the insistent attentions of a colored waiter were very annoying. "Say," said Mr. Train, "if you don't bother me for the next fifteen minutes I'll place something beneath my plate that'll make your mouth water."

The colored gentleman bowed courteously and anticipatingly waited in the rear. After Mr. Train had left his seat the waiter turned the plate and there found something which not only made his mouth water, but his teeth grate—a piece of chewing gum.—New York Herald.

Danced In Their Nightgowns.

Not many famous persons have the faculty for friendship in old age as Lord Beaconsfield had it. His passion for mastery, his addiction to mystery were rivaled by his immense faithfulness. While he was at Glasgow to be inaugurated lord rector of the university he heard good tidings of an old associate. "Mrs. Disraeli and I," he wrote, "were overjoyed and we danced a highland fling in our nightgowns."

Kinglake and the Spiritualist.

Kinglake, the historian of the Crimean war, was approached by a spiritualist one day who told him that the speaker had had a command from the recently deceased Mrs. Kinglake to convert "William Alexander Kinglake" to his doctrines. "Well," said Kinglake, "even in heaven one has a right to expect accuracy. My name is Alexander William Kinglake." The commissioner left at once.

GIFT FROM EMPLOYES.

F. M. Doan, for over fifteen years superintendent and the oldest director in the Gas Light & Coke company of this city, will retire from the active management of the company Aug. 1. Thursday the employes of the company, in recognition of this fact and in appreciation of the extremely pleasant relations that have existed, presented Mr. Doan with a handsome seventeen-jeweled, solid gold watch. On the outside of the case is a handsomely engraved monogram, and on the inside is engraved, "Compliments of the employes of the Jacksonville Gas Light and Coke company. Aug. 1, 1904." The presentation was made yesterday, as Mr. Doan expects to leave for Trout Lake, Wis., to day.

The gift was a complete surprise to Mr. Doan, who was keenly affected by the act of kindness on the part of his men, and expressed his thanks in language that showed his deep appreciation.

Mrs. Logan Coleman, Miss Jess Pride, Miss Lucy Souther and Miss Grace Phillips, of Springfield, are visitors in the city during the golf tournament.

MADE ADDRESS IN CENTRAL PARK

Rev. Paul Castle Speaks Upon the theme "Christ and the Labor Question" and Discusses Social Problems.

A large audience gathered in the park last evening to listen to the address of Rev. Paul H. Castle, the champion of labors cause, from the standpoint of the Bible. The speaker was heard with marked attention throughout his interesting address, and made a very favorable impression upon the audience by his earnest, straightforward style of delivery.

Rev. Robert Stevens opened the exercises with prayer, after which Mr. Castle entered upon his discourse, taking as his theme, "Christ and the Labor Question." He first presented his reasons for taking such a subject—that Christ came from the carpenter's bench to the waters of baptism; that he was the son of God, and no less a laboring man; Jesus Christ is labor's gift, as well as God's gift, to mankind. "I am not stepping out of the ordinary when I speak of the attitude of Christ toward laboring men.

"Jesus was a popular man. They tell us that the people revolted against Christ and forsook him. Am I to present one with whom the people were not in sympathy, or one who was popular with the masses? The scriptures tell us that the people came from all portions of Palestine to hear Him; that 4,000 and 5,000 gathered at times. Only a few months before His crucifixion thousands gathered to hear Him. The Bible says that so great was the throng that one stood upon another. As to the passage, 'He came unto His own, and His own received Him not,' the meaning is that He came unto his own nation and His nation received Him not. And it was not the common people, but their leaders who did not receive the Christ, but crucified Him. For fear of the people they were compelled to take Him by stealth at night. It is not the anarchy of the people that is to be feared, but the anarchy that sits clothed in judicial authority upon the judge's bench and in our legislative bodies.

"Christ, when tempted, refused the offer of the kingdoms of the world. He resisted successfuly the temptation to sell himself to Mammon.

"For the first few centuries the church got its members from the poor people. But now I am afraid that not many pastors could say that the poor are being reached by the religion of Jesus Christ. When Constantine espoused the cause of the church and identified it with the state, it ceased to be the persecuted and became the persecutor.

"The economic interests of the church and of society have decided largely its moral principles. There was a time when the whole world declared the divine right of kings. People will say that divine right in vested in those who control the resources of the country. It is the same falsehood and the same old lie of divine right of kings. Slavery became a moral question only when it ceased in the north to be an economic question.

"The church makes no secret of the fact that it does not reach the masses. What is the matter? If I wish to reach a man, I must get within reach of him. The reason why the church does not reach the masses is not because there are not many churches, nor because there are few preachers. But the teachers must love the people as He loved them."

The speaker then took up the arguments commonly promulgated by those who believe in the teachings of socialism, treating of monopolies of public utilities, plutocracy, production and distribution and similar economic questions.

TWO BOTTLES CURED HIM.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. A. Obermeyer, City Drug Store.

GONE TO HER REWARD

After a Life of Useful Service Margaretta Moses Passed Away at Old Peoples Home Thursday.

Miss Margaretta Moses passed away at the Old People's home Thursday evening about 8 o'clock, after a lingering illness of several weeks.

Miss Moses was born in Churchill county, Pennsylvania, Dec. 5, 1827. Later she removed to Roodhouse, where she was widely known and respected. When the Old People's home was organized she came to this city, where she has since resided. While here she made many lasting friends by her beautiful and self-sacrificing life. The following article entitled, "What She Could," published recently in the Sunday School Times, gives an excellent account of her life:

"Margaretta Moses was a beautiful girl until the smallpox left its mark upon her face. She never married and had a hard battle to make a living, especially when she became so crippled that she could not lift her right hand to her head.

"Left an orphan, she moved to Roodhouse, Ill., and bought a small house. In one poorly furnished room of this she lived, while the rest she rented.

"She supported herself by baking bread and selling it among the villagers. For years the little woman in her hood and calico dress, with her basket over her arm, was a familiar figure on the streets.

"Everybody knew crippled Margaretta Moses. They knew that she always had a kind word and a merry smile for those she met. They knew, too, that she made it a habit to speak to the wayward and careless, and urge them to a more earnest life. But not many knew why she lived in a single room when she owned her own home.

"Margaretta Moses denied herself that she, out of her poverty, might enjoy the luxury of helping others. She was continually on the outlook for opportunities, and, of course, she found them.

"One day the hooded figure entered the building of the Railroad Young Men's Christian association at Roodhouse. The secretary was out, but she left a few dollars, with the message that she had heard that new hymn books were needed by the young men.

"Her interest in the work of the association led her to subscribe for periodicals, which told of the work carried on among the young men of other lands. She was especially attracted as she read of the success of Mr. David McConaughty in India. Every midnight when she arose to set her "sponge" she used to pray for him.

"One day the mail brought to the international committee of the association a draft for $25, with a request from Margaretta Moses that it be used in the mission work for young men. Her name had never been heard of at the office and it was supposed she was a woman of means. So the next year a letter was sent her asking a renewal of the offering. She replied that as the former gift represented the savings of years, it would be impossible to duplicate it. However, she enclosed $10. This was her all. When Mr. L. D. Wishard learned this, he wrote at once, asking leave to return the gift. But the earnest woman urged him to use it in the cause she loved.

"The message reached Mr. Wishard in Cleveland, Ohio, as he was about to call on a wealthy woman, whom he hoped to interest in the association's work in China. In the course of his talk with Her, he told the story of the crippled bread baker in Roodhouse, with the result that the lady contributed $1,200 a year.

"Mr. Wishard says he heard the story of Margaretta Moses in all parts of the world and that many other gifts have been influenced by the story of her glad surrender of her all to her Master's service."

Funeral arrangements will be announced later.

CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chornic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all leading druggists.
